

MONTHLY UPDATE

JULY 2025

NEWSLETTER

ONE-STOP SERVICE OF MULTIPLE TRADESPEOPLE

Welcome to the July update from JNS Electrical & Building Services! Summer's in full swing, and so is our team. It's been a busy month on-site and behind the scenes, and we're excited to share what we've been up to. From current projects and upcoming jobs to new qualifications and recruitment opportunities, there's plenty happening at JNS. We're also gearing up for an upcoming industry expo – a great chance to connect, learn, and showcase what we do best.

MONTHLY HIGHLIGHTS

GARAGE CONVERSION

ELECTRICAL
INSTALLATION

NEW ACCREDITATION

Garage conversion- Headcorn

The garage conversion in Headcorn is nearly complete, with just the new door and window installation left to go. Over the past month, our team has completed the plumbing, laid flooring, finished the second fix electrics, and carried out all painting and decorating to a high standard.

The space has been transformed from an underused garage into a bright, functional area full of potential. Once the final touches are in place, we'll be sharing the finished look over on our social channels.

Electrical installation- South East

Why the Cheapest Quote Isn't Always the Best Choice.

We've recently been called in to put right a residential job after the original electrical work—carried out by another contractor—fell seriously short of standards. It's a reminder that going with the cheapest quote can sometimes end up costing far more in the long run.

Once the job is completed we'll be sharing a short case study on our socials soon, so keep an eye out to see how we turned things around and brought the installation up to spec.

Electrical installation- Edenbridge

Our team has recently completed a full strip-out and electrical installation at a stunning residential property in Kent. This home forms part of a beautiful wedding venue and serves as the private living space for the owners.

As part of the renovation, two rooms were seamlessly combined to create a spacious, open-plan kitchen with a sleek, modern design. We carried out a complete electrical overhaul, including the installation of new power and lighting systems throughout the space.

Follow Us !

Silly Season is Around the Corner

As the school summer holidays approach, we're getting ready to enter what we call silly season—one of the busiest times of the year at JNS. With students and staff away, it's the ideal window for schools to carry out essential refurbishment work, and we've got a packed schedule ahead.

This summer, our team will be working across numerous schools throughout the South East, upgrading and refurbishing electrical systems to ensure everything is safe, efficient, and ready for the new academic year. It's full steam ahead!

New accreditation !

Members of our team are UK Fire Door Training – approved to install, maintain and inspect. This means the company is fully equipped to install, maintain and inspect fire doors inline with the latest safety regulations and industry standards. Fire doors play a vital role in protecting lives and property. With our approved status, you can trust us to deliver safety, compliance, and peace of mind on every project.

We're Back at the Kent Construction Expo!

After a fantastic experience at last year's Kent Construction Expo at the Kent Event Centre in Detling, we're excited to announce that we'll be returning again this year! Our team was proud of the stand we showcased in 2024, and we had some great conversations with fellow professionals, clients, and new connections – the positive feedback was truly appreciated.

This year, you'll find us in the same location, but with a new stand **number: G-25**. The event takes place on **Thursday 2nd October**, and we'd love to see you there. Come say hello and find out more about what JNS Electrical & Building Services has to offer!

We Really Appreciate Your Reviews

We've received some fantastic reviews on Google recently, and we just want to say a big thank you to everyone who's taken the time to share their feedback. Reviews like these really help our business get seen online and build trust with future clients.

If we've carried out work for you and you've got two minutes to spare, we'd be incredibly grateful if you could leave us a quick review. Just scan the QR code — your feedback means a lot to us!

Join our team– We are hiring **ELECTRICIANS**

We're currently looking for fully qualified electricians to join the JNS team for an immediate start. This is a great opportunity to be part of a busy and growing company, working across a range of residential and commercial projects.

The role includes electrical installations, maintenance, and repair work — so experience, reliability, and a high standard of workmanship are essential. Relevant qualifications are required.

If you're interested or know someone who might be a good fit, get in touch with us today!
