ONE-STOP SERVICE OF MULTIPLE TRADESPEOPLE

As the year begins to wind down, the JNS team are busy bringing major projects to completion, while continuing to make great progress on others due before Christmas.

The pace hasn't slowed, and there's a real sense of momentum as we head into the final weeks of the year. We're proud of what's been achieved so far and excited about what's still to come. As always, thank you for your continued support.

MONTHLY HIGHLIGHTS

RESIDENTIAL
REFURBISHMENT

COMMERCIAL
REFURBISHMENT

RESIDENTIAL
2ND FIX ELECTRICS

Residential – Ground floor refurbishment, Kent

This month, our team has been fully hands-on with a complete ground floor refurbishment at a residential property. It's been a great opportunity to highlight the variety of skills within the JNS team – from the initial strip-out to knocking down walls and building new ones. Our bricklayers, plumbers, carpenters, electricians, plasterers, window and door fitters, painters, decorators, and flooring specialists have all played their part in bringing this space to life.

With the dusty work now behind us, we're moving into the stage where the real transformation begins. Fixtures, finishes, and detailing are starting to take shape, and you can truly see the layout and design coming together. It's an exciting phase of the project, and we're proud of how smoothly everything is progressing. We look forward to revealing the final result very soon!

Commercial- Full refurbishment, Tenterden, Kent

The JNS team have been hard at work on this commercial refurbishment in Tenterden. The beautiful building, which was home to the Elizabeth Rose clothing store for many years, is being transformed into the new office premises for Burfields House Wealth Management. This promises to be a fantastic transformation with a high-end finish. With multiple trades working seamlessly together — including electricians, plumbers, carpenters, decorators, and flooring specialists — the project is progressing efficiently and on schedule. We're very excited to share the completed project with you soon.

First and second fix electrics- Large property in Tunbridge Wells

Some of our electrical team have been working continuously on an 8-bedroom manor house in Tunbridge Wells. With the first fix electrics now complete, they are moving on to the second fix, ensuring every detail is installed to the highest standard.

Residential Property- Headcorn, Kent

At this residential property in Headcorn, our team initially carried out a garage conversion. The customer was so pleased with the work that they've since invited the JNS team back for a variety of additional projects, including a kitchen installation, electrical upgrades, loft boarding, a new loft ladder, and more.
