ONE-STOP SERVICE OF MULTIPLE TRADESPEOPLE

As we step into autumn, the team at JNS are working hard to wrap up some exciting projects and gear up for more work in the coming months. The summer may be behind us, but we're still charging ahead with momentum, making great strides across various sites. We're looking forward to what the Autumn brings, and as always, we appreciate your continued support and interest in all things happening here at JNS!

School lighting upgrades and fire alarm systems complete.

Last month, we shared that the team was making strong progress across several key sites and we're pleased to report that those projects are now complete, right on schedule and just in time for the start of the new school term.

A big thank you to everyone involved for the hard work and commitment to keeping things on track.

New residential project.

We're excited to share updates from our April Cottage project, a stunning property nestled in the heart of the Kent countryside. Our team has recently removed the old conservatory, making way for an exciting transformation. We're now in the process of installing new footings in preparation for the construction of a beautiful single-storey extension. This project will not only enhance the home's living space but also seamlessly blend with the cottage's charming countryside setting. We're looking forward to sharing the finished result! See the process via our social media pages.

Long-standing Partnership: Electrical Work for Mr. Clutch

We're proud to have been working with Mr. Clutch for many years, providing reliable electrical services, and we're grateful for their continued trust in us. This month, our team was in Crawley, where we carried out the installation of electrical cabling necessary to power a new roller shutter at the front of their workshop.

Residential electrical first fix

Our team is currently progressing with the electrical first fix at a stunning 8-bedroom property in Tunbridge Wells. This is a significant project, and we're laying the groundwork for a comprehensive electrical system to support the property's extensive needs. The first fix is crucial for ensuring everything is in place for the next stages of construction. We're excited to see this project move forward.

Beyond Electrical & Building works

JNS Electrical & Building Services, we pride ourselves on having many strings to our bow, offering a wide range of services for electrical and building works. This year at the Kent Construction Expo, we're excited to showcase a unique aspect of our business — our bespoke wooden furniture creations. From beautifully crafted side tables to custom-built office workspaces, our team brings the same level of craftsmanship and attention to detail to furniture making as we do to every project.

SCAN THE CODE

We've received some fantastic reviews on Google recently, and we just want to say a big thank you to everyone who's taken the time to share their feedback. Reviews like these really help our business get seen online and build trust with future clients.

If we've carried out work for you and you've got two minutes to spare, we'd be incredibly grateful if you could leave us a quick review. Just scan the QR code — your feedback means a lot to us!
